

SUCCESS STORY

climate neutral since 2010

3 production locations,
10 distribution companies
Represented in 38 countries

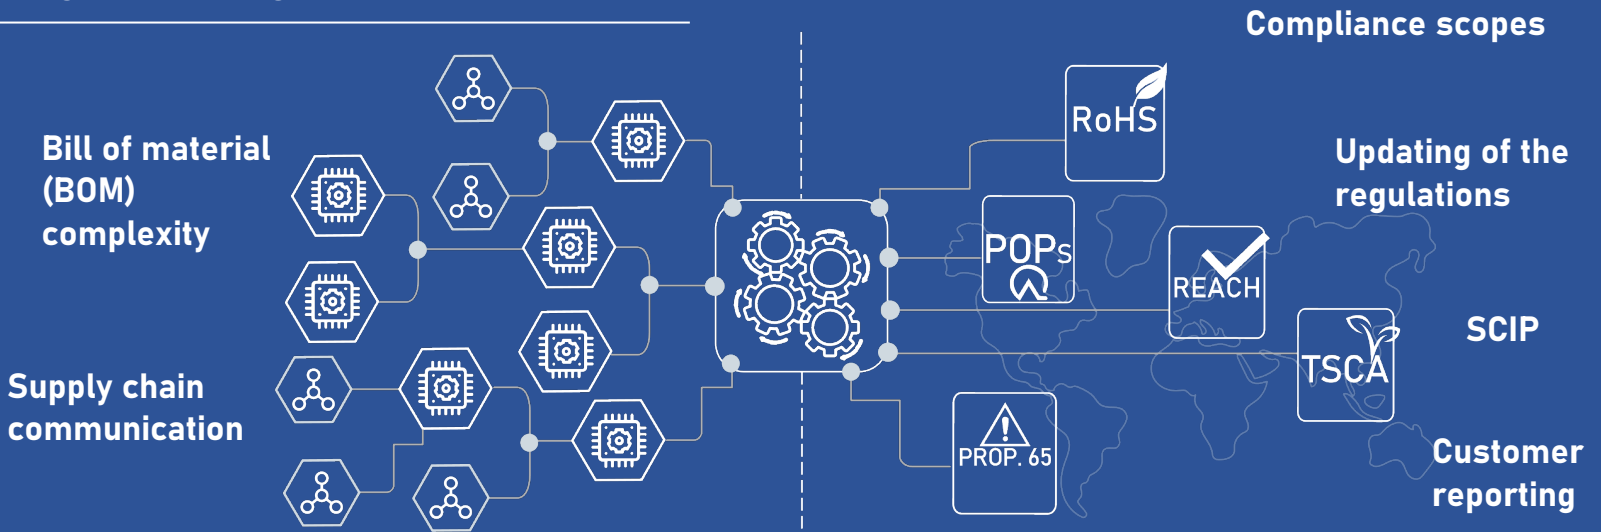

950 employees worldwide

115 million EUR revenue (2019)

CHALLENGE:

OUR SOLUTION:

Substantio

elobau (OEM)

- Integration elobau Teamcenter PLM
- Automated declaration request to suppliers (communication)
- Qualified parts list evaluation
- elobau-specific regulations

Supplier / Presupplier

- Complete declarations requested by elobau
- Intuitive user interface
- Easy direct access
- Delta declarations (REACH update)

Substantio SCIP Data Xchange

System-to-System (S2S) integration with the SCIP database

Automated parts list reconciliation through the connection with the PLM/ERP system

"Substantio has enabled us to collect and evaluate valid REACH, RoHS and TSCA information for all our products and suppliers in a very short time. Without Substantio, the effort would not have been solvable manually."

Simon Brack, Material Engineering, elobau GmbH & Co. KG.
